**PETITION TO CORRECT INVENTORSHIP UNDER 37 CFR 1.497(d)**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is an amendment and petition to correct the incorrect original naming of inventors in the International PCT Application under 37 CFR 1.497(d).

A Declaration is being submitted concurrently herewith, in response to the Notification of Missing Requirements mailed April 26, 2007. It is noted that this Declaration names an inventive entity different from the inventive entity set forth in the international application, and that, to date, no change to the inventive entity has been effected under PCT Rule 92*bis*.

In particular, the following previously unnamed person is being added as an inventor of this application:

Inventor: \_\_\_\_\_ Residence (city and foreign country):

Michael Thomas BENNETT

Bellingham, Washington

Also, the following people were previously named as inventors in error, and are therefore being deleted:

<u>Inventor:</u>	<u>Residence (city and foreign country):</u>
------------------	--

Stephen MURPHY	Québec, Canada
----------------	----------------

John PAGOTTO	Québec, Canada
--------------	----------------

MPEP 1893.01 sets forth that “The inventorship of an international application entering the national stage under 35 U.S.C. 371 is that inventorship set forth in the international application, which includes any changes effected under PCT Rule 92bis. See 37 CFR 1.41(a)(4). Accordingly, an oath or declaration that names an inventive entity different than that set forth in the international application will not be accepted for purposes of entering the U.S. national phase unless the requirements under 37 CFR 1.497 (d) are satisfied.”

Accordingly, in compliance with 37 CFR 1.497(d), attached hereto are:

(1) A statement from each person being added as an inventor and from each person being deleted as an inventor that any error in inventorship in the international application occurred without deceptive intention on his or her part;

(2) The \$130.00 processing fee set forth in § 1.17(i); and

(3) The written consent of the assignee; and

(4) A declaration listing and signed by the correct inventors.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§1.16 or 1.17; particularly, extension of time fees.

Dated: October 26, 2007

Respectfully submitted,
